Materials Review Rubric

Purpose

InET has developed a rubric to review materials developed through the Consortium to provide consistency on product design, layout, look-and-feel, accessibility, interest, and usability. Please complete this page and place put an “X” in the rubric categories on the next page along with your comments. Submit completed rubrics to _____ in your state who will scan and send them to Frank Dávila at fdavila10@comcast.net

Material

Title of Material	
Target Population	
Name of Reviewer	
State	
Date Reviewed	
<i>Overall Comments</i>	

Rubric

COMPONENT	CRITERIA	2	1	0
		EXCEEDS	MEETS	DOES NOT MEET
Design	Design and format is legible. Colors are easy to distinguish. Fonts used are larger than 10 point. Material provides a useful table of contents, glossary, supplemental resources, etc., as appropriate.			
Layout	Layout includes a format that is familiar to all groups, not just some. Layout is organized, clear, consistent, and logical.			
Look-and-Feel	Material is user-friendly. Format is visually appealing. Material looks “finished” and ready to use.			
Accessibility	Materials is accessible to all learners, including those with different challenges, such as language, visual impairment, etc.			
Interest	Material is of high interest to a variety of educators. Material has the potential to keep participants engaged throughout the training.			
Usability	Material is appropriate for the intended audience. After training, topic is well laid-out and intuitive. Purpose of various components (Overview, PPT, Handouts, etc.) is clear and easy to use.
