

# Module 3

## Effective Technologies, Strategies, and Supports for Binational Migrant Students

### Contents

- \* Overview
- \* PowerPoint
- \* Handouts
  - 1) Warm-Up/Cultural Proficiency Activity
  - 2) Engaging Instructional Strategies
  - 3) Warm-Up for Technologies
  - 4) Resources for QR Codes
  - 5) Additional Resources
  - 6) Sample Agenda
  - 7) Sample Evaluation
- \* Sample Training Agenda

# Module 2

## Effective Technologies, Strategies, and Supports for Binational Migrant Students

### Overview

- \* Module 2 PPT includes
  - \* Information about the unique characteristics , challenges, and benefits of having binational migrant students in the classroom
  - \* Instruction of Binational Students
    - \* Background Knowledge
    - \* Comprehensible Input
    - \* Student Engagement
    - \* Critical Thinking Skills
  - \* Student Learning
    - \* Culture
    - \* Language
    - \* Expectations
    - \* Connections

# Module 2

## Effective Technologies, Strategies, and Supports for Binational Migrant Students

### Overview (cont.)

- \* Module 2 PPT includes
  - \* Information about bridging learning for binational students
    - \* Instructional Technology
    - \* Strategies
    - \* Materials and Supports
  - \* Information about assessing learning
  - \* Additional resources

# Module 2

## Effective Technologies, Strategies, and Supports for Binational Migrant Students

### Learner Outcomes

- \* Upon completion of this Module, the learner will be able to
  - **Discuss** the unique characteristics of binational migrant students
  - **Understand** the interaction between instruction and student learning when teaching binational migrant students
  - **Identify** and discuss effective technologies, strategies and supports for effectively teaching binational migrant students
  - **Reflect** and **refine** supports to enhance instruction for binational migrant students
